" 7. Report of the Committee appointed to consider the claim of L. N. Fairbanks and others, regarding alleged obstruction in the Issabet River, was read by M. H. Walker as follows:

The Committee appointed to consider the claim of L. N. Fairbanks and others, regarding alleged obstruction in the Issabet River, respectfully submit the following report and recommendation.

Your Committee has given two hearings, largely attended by the parties who claim to have suffered damage from the location of the Town sewer beds, and the disposal of its sewerage.

The Committee has visited the sewer beds and followed the Issabet River, both at high and low water stages from the outflow of the sewer beds to the point where it crosses the Bigelow Road in Northboro: a distance of two and one third (2/3) miles, and members of the Committee have also made numerous visits of inspection during the Summer and Autumn.

Not only have the statements of those interested as owners along the River been taken, but also those of other parties most familiar with former conditions in that locality.

The Committee has caused a careful investigation and survey to be made by a Civil Engineer, familiar with this kind of work, and has consulted with the Engineer of the State Board of Health.

The Claims for damage are understood to be based on the following grounds:

1st. That a certain amount of water, in the form of sewerage, has been diverted from its natural course, and, in a more or less purified condition, discharged into the meadows bordering the Assabet River, and by so much adding to the volume of water seeking [illegible] by that stream.

2nd. That at various times previous to the construction of the present sewer beds, the unpurified sewerage, was turned directly from the Main Sewer into the meadows, before reaching the beds, and that at high water, this sewerage spread over the surface of the land on both sides of the River, and largely stimulated the growth of Peter's Grass, Weeds, Rushes, and other Water Plants in the Riverbed.

That as a consequence, the bed of the River became clogged, and the flow impeded to such an extent, that the water in the meadows, was raised to and remained at a higher level than before resulting in the growth of a lower quality of grass, and in all, except very dry seasons, making it impossible to cut, one considerable section bordering the River; whereas, previous to the location of the sewer beds, the hay could be secured without serious difficulty, except in seasons of excessive rainfall.

The Committee submit the following facts as the result of its investigation:

The Assabet River is a narrow, winding, sluggish stream, with no well defined banks, and with a fall of only one and one tenth (1 1/10) feet for the first five thousand (5000) feet, or nearly a mile from a

point opposite the sewer beds.

The bed of the River varies from six to fifteen (6 to 15) feet in width and in many places is so thickly grown up with Grass, Weeds, and Water Plants that the water slowly percolates through this mass of vegetation with no perceptible current whatever.

Beginning at a point about forty-two hundred (4200) feet below the sewer beds, for a distance of twelve hundred (1200) feet, the bed of the channel is filled from one to two feet above the average depth. It is suggested that this greatest obstruction occurs at the locality where the large brook from Smith's Mills comes into the River, and appears to be caused by a deposit brought down by that stream.

At other points lower down are found beds of mud, sand and gravel, rising nearly to the surface at low water. The distance from a point opposite the sewer beds to Cobb's Bridge in a direct line is only about one half (½) that measured by the River in its course.

Careful inquiry seems to establish the fact that for at least forty (40) years, no attempt has been made to improve the channel of the River, either by widening, deepening, or straightening, and the Committee has been unable to ascertain that any systematic work of this nature has ever been done.

Origin of the So-called Peter's Grass.

The Committee learns that a Mr. Lawrence, who resided in the neighborhood of Smith's Mills many years since, obtained the seed of this Grass, and seeded a bed in his meadow, and that from this planting the seed was carried by the water down the brook from Smith's pond to the Assabet resulting in establishing patches of this grass at intervals along the banks, both of the brook and River, as far down as the point where the Assabet enters the wide belt of River meadows.

At numerous points this Water Grass has encroached across the stream, growing not only in

the low banks, but in the bed itself, thus adding to the natural obstructions found in the River.

As to the present condition the Committee is satisfied that the sewer beds are now working satisfactorily and that the stream flowing from them is free from impurities; and this statement is confirmed by analyses made by the State Board of Health.

These facts seem to your Committee to indicate that the causes of the trouble of which so serious complaint is made, are not to any considerable extent, the result of the location or condition of the sewer beds in the present Valley.

Notwithstanding, in view of all existing facts and conditions relating to the matter it is ordered that legal advice is taken, if it is found that the Town can lawfully make contracts and appropriations therefor; and if, after further investigation, it is found that the cost will not exceed the sum of 3000 dollars; your Committee recommend that the Town straighten and deepen the bed of the Mystic River so far as may be found necessary to secure a satisfactory channel, in accordance with the plan submitted by the Engineer employed by the Committee.

On condition that all Claimants shall agree to waive their claims for all damages against the Town, on account of its sewerage disposal, and also that the owners shall give the land needed for straightening the River.

Your Committee wishes it to be distinctly understood, however, that nothing in this report or the recommendations herewith, shall be construed as an admission, by the Committee, of any liability on the part of the Town.

Signed - John W. Slattery - Chairman
Joseph L. Yates. E. [illegible]
George A. Ferguson. M. H. Walker.
William B. Teal. T. H. Reilly.

Voted That the report be received, laid upon the table, and made special order of business at 11 o'clock A. M.

Adams F. Brown for the Selectmen, to whom the matter of School Houses in outlying districts was referred for investigation submits the following report.

School Districts.

The Warrant for the Annual Meeting of March A.D. 1900 contained the following article:

"Article 2. To see if the town will sell its school houses and real estate connected therewith in the outlying districts of the Town and report at a future meeting."

Under this Article, at said Meeting, it was voted "That the subject matter of this article be referred to the Selectmen to investigate as to the title of the real estate connected with the school houses in the outlying districts of the Town and report at a future meeting."

Deeming it wise to have the report on this matter contained in our annual report we present it herewith:

After a most careful and thorough search of the records in the Registry of Deeds at Worcester, Mass., from the time of its first records A. D. 1730, to the present time, and of the records in the Registry of Deeds at East Cambridge, Mass., prior to A.D. 1730, it appears that the Town of Westborough has no record title to any of the real estate connected with the school houses in the outlying districts of the Town, except to a portion of the school lot in district number six, and to that only so long as it should be used for school purposes.

The land in school district number eight was deeded to the inhabitants of that district for school purposes only.

The original lot of land in district number six was deeded to the inhabitants of that district for school purposes only.

Two additions to this lot were deeded to the Inhabitants of Westborough, A. D. 1879 (school districts having been abolished prior to that time) but this was only for so long a time as it should be used for school purposes.

The land in school district number four was deeded to the Inhabitants of that district, upon certain conditions, which conditions were probably complied with.

No record appears regarding the school lands in districts number two, three, five and seven.

March fourth, A. D. 1867,

Under an article "to see what action the Town will take in regard to abolishing the school district system", it was voted "to abolish the District System." It was also voted to choose a committee of two from the first district and one from each of the others to attend the School Houses & Lands, in accordance with Chap. 30 Sec. 3, of General Statutes".

The Selectmen in their Annual Report for the year ending Feb. 20th, 1868, report as follows:

"By vote of the town, March 4th, 1867, the District system was abolished. The School House property belonging to the several districts was obtained and transferred to the Town, for which the Town nominally paid; each resident of each district being assessed his proportion of the whole property, and credited back his proportion of the property belonging to his district."

Nov. 20th, 1867- Under an article, "To see what measures the Town will take to obtain deeds of such School property in the several districts as can be conveyed by said districts to the Town, or act anything thereon, it was voted "That the Town Clerk be requested to ask the Clerks of the Several Districts to call meetings in order that the Districts may deed to the Town their lands as desired".

No report from the Town Clerk on this matter appears in his records however, and so far as is known no deeds were ever given as proposed.

As before stated:

The Town of Westborough at the present time has no record title to any of the school lands in the outlying districts of the Town, except a portion of the land in district number six; and its right to that is now disputed through non-use.

Under and pursuant to Rule 15 of the rules made by the State Board of Health on June 1, 1899, for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the Metropolitan Water District, and under said pursuant to the powers and authority given to the Metropolitan Water and Sewerage Board by Chapter 485 of the Acts of the year 1895, and by Chapter 165 of the Acts of the year 1901, and otherwise, the following regulations previously made by the Metropolitan Water Board were, on May 10, 1901, adopted by the Metropolitan Water and Sewerage Board, and it was deemed by the Board that these regulations are necessary for the preservation of the purity of the waters of the Sudbury Reservoir.

1.

Any inhabitant of the town of Southboro desiring to cut or remove ice from Sudbury Reservoir for his individual use in any one year, shall make application to the Secretary of the Metropolitan Water Board, 105 Tremont Street, Boston, or to the Superintendent of Southboro Pumping Station, South Framingham, personally or by letter, at least four days before the cutting of any ice.

The applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

6. Ice shall be cut only in such places as shall be designated in the permit given.

6. No horses or other animals shall be used when the ice itself is accessible with official permission stated in the permit.

C. In case permission is given to use horses or

other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken on or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such a manner as not to injure the shores, paving, riprap, gravel margin or other land or land belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the Inspector of Dams and Reservoirs of the Metropolitan Water Board.

11.

Any riparian owner abutting on the open channel of the Wachusett Aqueduct as outlined in the town of Southborough, which channel extends from the second portion of the aqueduct to the lower dam near the Sawin's Mill Road, so-called, desiring to cut and remove ice from the channel for his individual use only, shall make application to the Engineer and Chief Engineer of the Metropolitan Water Works, resident at Clinton, Mass., personally or by letter, and shall receive therefor a permit for the cutting of any ice. All applications shall state the number of men, horses and other animals in the cutting of ice.

a. He shall in no case go on such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with the permission stated in the permit.

c. Such permission to use horses or other animals upon the entrance upon and departure

from the ice shall be made only at such places as shall be specified in the permit.

d. All ice and [illegible] the surface of the ice shall be removed and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the ice, [illegible] other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

To the Board of Selectmen of the
Town of Westboro, Massachusetts.

The New England Telephone and Telegraph Company of Massachusetts respectfully asks your Honorable Board for permission to lay and maintain underground conduits and manholes, with the wires and cables to be placed therein, under the surface of the following street:-

Belmont St. from the Northboro line to the Southborough line.

Also for permission to erect and maintain distributing poles, with the wires to be placed thereon, at suitable points in such portions of said street as may be occupied by conduits constructed under this order and on any street intersecting any such portion of said street, at or near the point of intersection, also for permission to lay and maintain underground conduits, manholes, cables and wires on the above or intersecting streets for the purpose of making connections with said poles and with existing poles it may desire to use for distributing purposes, and for making building connections with its said conduits, on the above or intersecting streets.

Plans showing location of conduit constructed and of distributing poles erected to be filed after completion of the work

The New England Telephone and Telegraph Company of Massachusetts,
by Jasper N. Keller, G.T.
General Manager.

(Northborough, Mass. January 28th A.D. 1903.
In Board of Selectmen.

Ordered:

That permission be and hereby is granted the New England Telephone and Telegraph Company, of Massachusetts, to lay and maintain underground conduits and manholes, with the wires and cables to be placed therein, under the surface of the following street:—

Belmont St. from the Northborough line to the Southborough line.

Also that permission be and hereby is granted The New England Telephone and Telegraph Company of Massachusetts, to erect and maintain distributing poles, with the wires to be placed thereon, at suitable points in such portions of said Belmont Street as may be occupied by conduits constructed under this order, and on any street intersecting any such portion of intersection; also to lay and maintain underground conduits, manholes, cables and wires on said Belmont Street, or intersecting streets at or near the point of intersection, for the purpose of making connections with said poles and with existing holes it may desire to use for distributing purposes, and for making building connections with its said conduits, on said Belmont Street.

The foregoing permission is subject to the following conditions:—

1. The conduits and manholes shall be of such material and construction, and all work done in such manner as to be satisfactory to the Board of Selectmen or to such officer as it may appoint to the supervision of the work, and a plan showing the location of conduit to be constructed shall be filed with the town before the work is begun, and said

Company shall pay for such supervision of the work of construction.

2. Before beginning such construction said Company shall file with the town its agreement to indemnify and save the town harmless against all damages, costs and expense whatsoever to which the town may be subjected in consequence of the acts or neglect of said Company, its agents or servants, or in any manner arising from the rights and privileges granted it by the town.

3. In addition to such agreement, said Company shall before a street is distur[illegible] for the laying of its wires or conduits, execute and deliver to the town its bond, with satisfactory sureties in a penal sum of not less than five thousand dollars, conditioned for the faithful performance of said agreement and of its duties under this permit.

4. Said Company shall comply with the requirements of existing by-laws and such as may hereafter be adopted governing the construction and maintenance of conduits, poles and wires.

Article 1. To choose a Moderator.

" 2. To hear and act upon the reports of officers and committees of the town.

" 3 To see if the town in conformity with the provisions of Chapter 332 of the Acts and Resolves of 1906 will vote to borrow the sum of $35000.00 on notes or bonds of the town and appropriate the same for the purpose of erecting, furnishing and equipping a new school building, or act anything else thereon.

" 4 To see if the town will provide for the repayment of such sum as it may vote to borrow under the preceding Article No. 3 in such annual proportionate payments as will extinguish the same within the time prescribed in said Chapter 332, or act anything thereon.

5

Article 5. To see if the town will authorize its school committee to build a ... eight room school building on the land of the town on Grove street now occupied by the Forbes and Whitney schools, to tear down or remove the present buildings and to make all necessary contracts for the foregoing purposes in the name of the town; or do or act anything in relation to the same.

" 6 To see if the town will appropriate such sum or sums of money as may be necessary under the preceding articles of this warrant.

" 7 To see if the Town will vote to accept in all respects the provisions of Chapter #332 of the Acts and Resolves of 1906.

And you are directed to serve this Warrant by posting up attested copies thereof at the Post Office and Town Hall in said Town seven days, at least, before the day of holding said meeting.

Hereof fail not and make return of this Warrant, with your doings thereon, to the Town Clerk of said Westborough on or before the time of holding said meeting.

Given under our hands this twenty-first day of September in the year of our Lord Nineteen hundred and six.

Westboro, Sept. 21st, 1926.

I have this day served the within warrant by posting up attested copies thereof at the post-office and town hall in said Westboro.

Wm. Magner,
Constable of Westboro.

Westborough, Mass.,
Sept. 28, 1926.

Meeting called to order at 7.45 P.M. by Town Clerk, Joseph E. Gates, who read the warrant.

Under

Article 1. E. P. Brown was chosen Moderator.

" 2 The School Committee reported as follows:

Acts and Resolves of 1906, Chapter 332, Sections 1 to 3.

(An act to authorize the Town of Westborough to construct a School Building.

Be it Enacted, etc., as follows:

Section 1. The town of Westborough, for the purpose of erecting, furnishing and equipping a new School building, is hereby authorized to borrow a sum not exceeding thirty-five thousand dollars, and to issue notes or bonds therefor. Such notes or bonds shall be denominated on the face thereof, Town of Westborough School Loan, Act of 1926, shall be payable at the expiration of periods not exceeding twenty years from the dates of issue, shall bear interest, payable semi-annually, at a rate not exceeding four per cent per annum, and shall be signed by the treasurer and

countersigned by the selectmen of the town. The town may sell such securities at public or private sale, or pledge the same for money borrowed for the purpose aforesaid, upon such terms and conditions as it may deem expedient, provided they shall not be sold for less than the par value thereof.

Section 2. Said town shall at the time of authorizing the said loan provide for the payment thereof in such annual proportionate payments as will extinguish the same within the time prescribed in this act; and when a vote to that effect has been passed the amount required thereby shall, without further vote, be assessed by the assessors of the town in each year thereafter, in the same manner in which other taxes are assessed under the provisions of section thirty-seven of chapter twelve of the Revised Laws, until the debt incurred by the loan is extinguished. Said town shall also raise annually by taxation a sum which will be sufficient to pay the interest as it accrues on the notes or bonds issued under authority of this act.

Section 3. This act shall take effect upon its passage. [Approved Apr. 28, 1906.]

Article 9. Voted unanimously, That the Town in conformity with Chapter 332 of the Acts of 1906, borrow the sum of thirty-five thousand dollars ($35000), on twenty serial notes of the Town for the purpose of building, equipping and furnishing a new school building. Said notes shall be designated on their face thereof, Town of Westborough School

Loans, Act of 1906. They shall be payable annually, the first at the expiration of one year, the second at the expiration of two years, and so on, the last at the expiration of twenty years, from their date of issue; shall bear interest at four per cent per annum payable semi annually; and shall be signed by the Treasurer and countersigned by the Selectmen of the Town.

Said notes may be sold at public or private sale, or pledged for money borrowed for the aforesaid purposes, upon such terms and conditions as the Town Treasurer and Selectmen may deem most expedient, provided that they shall not be sold for less than the par value thereof. Each of the above notes shall be for the sum of one, two, five, ten, twenty, or thirty-five thousand dollars ($1,000, $2,000, $5,000, $10,000, $20,000, or $35,000), or seventeen hundred and fifty dollars ($1,750).

Article 4. Passed over.

Article 5. Voted, That the School Committee is hereby authorized to build on the land of the Town on Grove Street now occupied by the Forbes and Whitney schools, a new eight room school building, to remove or tear down, as said committee shall deem expedient, the school buildings now located on said land, and to make all necessary contracts for the foregoing purposes in the name of the Town.

Article 6. Voted, That for the purpose of meeting the expenditures which shall be found

necessary to carry out the authority given to the School Committee by the vote of the town under the preceding article number five, the sum of thirty-five thousand dollars ($35,000.) be hereby appropriated by the town.

Article 7. Voted, That the Town accept in all respects the provisions of Chapter 332 of the Acts of 1906.

Voted, That the meeting be dissolved at 9.30 P. M.

" 6 Voted, To accept the printed report of the Auditor and Town Officers.

" 7 The Appropriation Committee reported in print. Voted, To accept their report.

The Committee appointed under Article 5 at a meeting of the Town held December 21, 1903, to take in consideration the matter of arranging the rooms in the town hall building, now occupied by the town library, for the use of Post 80 Grand Army of the Republic, beg leave to report that we have had estimates made by contractors of the probable expense of properly preparing said rooms for the Post and find the amount to be about $300.

We therefore respectfully recommend that the town arrange that portion of the town hall building

now occupied by the town library, in a suitable manner for the meeting of Post 80 Grand Army of the Republic and grant the free use of this same to said Grand Army Post and its auxiliary organization, the Women's Relief Corps, and that the sum of $300. be appropriated for the same.

The Committee to whom was referred the matter of increased pressure to our water works for fire purposes, submit the following report.

We have carefully considered three (3) plans.

First. The building of a Reservoir above the present one: the cost would almost be prohibitive, and even when completed, it is doubtful if a constant pressure would be maintained, which should be at least 110 lbs per sq. inch.

Second. The building of a Stand Pipe: the top to be 140 feet above the high water level of our reservoir, filling by electric pumps, power to be furnished by the Westboro Gas and Power Co:

After consulting one of the best authorities in the State in such matters, Mr. Edgar Stacy, Supt of the Marlboro Water Dept., we found that the cost of building was great, and that at least at a yearly cost of use of three (3) days in each year while drying and painting the inside.

Third. Placing a Power Pump near the present Station: Pumps to be of three (3) or more cylinders 12" X 12"; Power supplied by gas engines of 100 to 125 H. P.

Three or more cylinders are recommended to reduce the pounding in the water pipes.

The cost of one unit including building is about $11,000.

Respectfully submitted.

Geo. L. Smith.

Dear Sir: —

I herewith tender my resignation as Water and Sewer Commissioner, to take effect at the Annual Town Meeting in March 1909. I do this because I cannot give to the town the time it requires without neglecting My own business, and the next few years to come will require more time from the Sewer Commissioners than any time in the past, and the town should have some one on the board that is in town most of the time and could give this department the amount of time it will need.

Yours truly,

At a regular meeting of A. G. Pierce Post No. 51, G. A. R. held on Monday evening February 27th. 1911, the following action was taken, viz.

That the thanks of this Post be and are hereby extended to the citizens of the Town of Weston for their extreme liberality and kindness to this organization in so generously aiding our present needs and granting us the use of the same free of all expense.

This great favor convinces us that the services of the Comrades of the Grand Army of the Republic in preserving the Union during the dark days of the Civil War, are fully appreciated by our people.

The members of our organization are rapidly descending the slope of life. Our numbers are, year by year growing less. It was a time at issue in the thought that in our own community, we have the best will and support of all.

For and in behalf of our auxiliary organization, the Women's Relief Corps, composed of our wives and daughters, to whom you have granted the same

consideration, we extend our cordial appreciation.

In Board of Selectmen.
Westboro, Mass. Sept. 4th 1909

Ordered:—

That permission be and hereby is granted the New England Telephone and Telegraph Company of Massachusetts to lay and maintain underground conduits and manholes, with the wires and cables to be placed therein, under the surface of the following street:—

West Main Street from Summer Street 500' southerly.

Also that permission be and hereby is granted The New England Telephone and Telegraph Company of Massachusetts to erect and maintain distributing poles, with the wires to be placed thereon, at suitable points in such portions of said street as may be occupied by conduits constructed under this order, and on any street intersecting any such portion of said street, at or near the point of intersection; also to lay and maintain underground conduits, manholes, cables and wires on the above or intersecting streets for the purpose of making connections with said poles and with existing poles it may desire to use for distributing purposes, and for making building connections with its said conduits, on the above or intersecting streets

The foregoing permission is subject to the following conditions:

1. The conduits and manholes shall be of such material and construction and all work done in such manner as to be satisfactory to the Board of Selectmen or to such officers as it may appoint to the supervision of the work, and a plan showing the location of conduits constructed shall be filed with the town after the work is completed.

2. Said Company shall file with the town its agreement to indemnify and save the town harmless against all damages, costs and expense whatsoever to which the town may be subjected as a consequence of the acts or neglect of said Company, its agents or servants, or in any manner arising from the rights and privileges granted it by the town.

3. In every underground conduit constructed by said Company one duct not less than three inches in diameter shall be reserved and maintained free of charge for the use of the fire, police, telephone and telegraph signal wires belonging to the town and used exclusively for municipal purposes.

4. In addition to such agreement, said Company shall before a street is disturbed for the laying of its wires or conduits, execute its bond in a penal sum of not less than five thousand dollars, (reference being had to bond already on file with said Town) conditioned for the faithful performance of said agreement and of its duties under this permit.

5. Said Company shall comply with the requirements of existing by-laws and such as may hereafter be adopted governing the construction and maintenance of conduits, poles and wires.

Commonwealth of Massachusetts.

Worcester, ss.

To any Constable of the Town of Westborough in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts you are directed to notify and warn the Inhabitants of the town of Westborough, qualified to vote in elections and town affairs, to meet in the Town Hall in Westborough, on Wednesday the first day of September 1891 at 7-45 o'clock in the afternoon, then and there to act on the following articles:

Article 1 To see if the town will vote to make certain alterations and additions to the Sewer Beds and Sewer System, as recommended in report and plans of J. J. Van Vleck, C. E., and approved by the State Board of Health, or act anything in relation to the same.

" 2 To see if the town will vote to adopt some other method to dispose of surface water now allowed in certain sections of the town to enter the sewer system, or act anything in relation to the same.

" 3. To see if the town will vote to authorize the issue of serial notes or bonds to an amount not exceeding fifteen thousand dollars ($15,000.00) or otherwise provide money to pay for additions and alterations to the Sewer Beds and Sewer System recommended to be constructed by the State Board of Health or act anything in relation to the same.

" 4. To see if the town will vote to extend Phillips street in an easterly direction to a point on Summer street at or near the junction of Winter street or take any other action whereby the same general purpose of connecting Milk street and Summer street at or near said points may be accomplished, or act anything in relation to the same.

Article 5. To see if the town will authorize its Selectmen to acquire in behalf of the town such land as shall be necessary to carry out such action as the town may take under the preceding article No. 4, or act anything in relation to the same.

" 6 To see if the town will appropriate any sum of money not exceeding one thousand thousand dollars ($1,000.00) to be expended by the Selectmen for the purposes called for by the two preceding articles No 4 and 5, or act anything in relation to the same.

And you are directed to serve this Warrant by posting up attested copies thereof at the Post-Office and Town Hall in said Town seven days, at least, before the day of holding said meeting.

Hereof fail not and make return of this Warrant, with your doings thereon, to the Town Clerk of said Westborough on or before the time of holding said meeting.

Given under our hands this twenty-third day of August in the year of our Lord nineteen hundred and nine.

TREATMENT REPORT
August 1990

Town Records
Vol. 8
Westborough

Upon receipt, this book was in its original cover. The hinges were broken and the spine adhesive deteriorated. The paper was acidic.

The book was dismantled and mended with Japanese tissue and methyl cellulose paste. All folios were treated with Wei T'o non-aqueous deacidifier. Weak folios were reinforced with Cerex nylon and Bostik web adhesive.

The book was resewn and backed with linen. Spine adhesive is hot animal glue. Cover material is goatskin and all boards and flyleaves are acid-free.
